W IWADC 2011 in Perugia, IT

Next meeting location. It was decided to have the next meeting in New York. However, since then the location was changed to Tucson, Arizona, February 17 – 20, 2009.

Jitter standard: It was decided to wait until there is a volunteer to take on this task.

ADC Forum: The consensus of the participants was that Perugia in 2011 is the better location, because the standards will be completed then. Will have a TC-10 meeting in Austen, Texas in 2010 in conjunction with I²MTC. The ADC standard will probably be in balloting at that time.

IWADC: Tom Linnenbrink and/or Jerry Blair with talk to Pasquale Daponte about the possibility of the IEEE I&M Society cosponsoring an IWADC in Perugia.

Meeting adjourned at 12:00 Noon.
