

**Minutes from P1159.3 Power Quality Data Interchange Format Task Force :
July 26, 2010****OVERVIEW**

Dan Sabin, chair of 1159.3, convened the group at the Summer meeting of the 1564 Task Force at 13:00 on July 26, 2010, L100H room at the Minneapolis Convention Center, Minneapolis, MN, USA. Eleven persons were in attendance. Dan presented a brief review of the group's efforts for the new attendees. He then outlined the proposed tasks going forward:

Proposed 2010-2012 Work

- Complete editorial corrections to 2002 document
- Add new PQDIF tags and PQDIF ID values
- Add new annex on storing PQDIF records in XML
- Solicit feedback from vendors using PQDIF

Proposed 2013-2014 Work

- Add new annex on storing PQDIF records in a relational database

Dan also reviewed the updated websites (user name: p11593, password: Tags&Guids) including the new website for submitting requests for new tags and IDs (www.pqview.com/pqdif-submit-id). Since its creation 3 weeks ago, the new website has had 70 submissions. The group reviewed those submissions and informally voted on whether they were unique and necessary for the next revision. Some submissions were accepted as is, some rejected as redundant or too vendor specific, and others required more information from submitter.

A motion was made and passed to submit a PAR for the 2010-2012 tasks.

ACTION ITEMS

- RPBingham to produce minutes from meeting.
- Dan Sabin to develop and submit PAR as above.

OLD ACTION ITEM not discussed.

- Dan Sabin to ask Chris Melhorn about chapters for Application Guide

Respectfully submitted,
Richard P. Bingham
