

P1394b UTP5 Task Group Feb 98 - Agenda

1. Welcome, introductions, approval of agenda
2. Presentations
 - Simulation modelling - Eric Hannah
 - ✓ 50 m looks OK with fixed equaliser
 - ✓ more modelling promised
 - Fixed Equaliser measurements - Alistair Coles
 - ✓ 50 m looks OK with fixed equaliser
3. Review of new draft (31st Jan 1998)
4. Open issues
 - jitter budget
 - receiver sensitivity (may help reach by reducing it)
 - launch power (may help EMI by reducing it)
 - how to spec the receiver at the bulkhead connector when the equaliser comes after it - is an eye diagram helpful?
5. Future work
6. Any other business
