

1450.4 Meeting Minutes - 08/14/2008

Attendees:

Ernie Wahl, Jim O'Reilly, Bruce Parnas, Doug Sprague

Not Attending:

Kevin Coggins, Jose Santiago, Ajay Khoche

- Preamble
 - Record Meeting (*2)
 - To Listen to recording of meeting:
 - Call the (US) dial-in numbers 1-877-421-0003 (toll free) or 1-770-615-1374 (toll)
 - Enter special playback passcode: 747464
 - Once in, enter *3
 - Enter file number for this specific meeting: 29611901
 - Enter 1 to listen to the conference call
- IEEE Meeting, no discussion of proprietary information
- Jim has been updating the syntax document with all the items which have been discussed over the last several weeks.
- Jim reviewed what has changed by referencing the older D22 doc and talking through the changes
- Ref doc:
 - http://grouper.ieee.org/groups/1450/dot4/P1450.4-D22-syntax-summary_07_08_2008.pdf
- Changes we discussed below...
- Line 138
 - Add keyword "Port" before PORTLABEL:
 - Also, group agreed to remove the colon on PORTLABEL: seeing that this is more of a port identifier now.
- Line 336
 - Add "Inherit FLOW_TYPE_NAME"
- Lines 407-432 go away
 - No longer a need for a TestDefaults block
- Line 351 & 373
 - (**Tests** { (*test_instance_stmt*) * })
 - (**Flows** { (*flow_instance_stmt*) * })
 - These statements move from plural to singular form
 - Similar to line 280 & 299 in D18 syntax draft
 - Now just single test and flows are specified at a time, each with a **Test** or **Flow** keyword
- Line 510
 - Discussion on changing default FlowType name
 - stil_dot_4_default
 - Defer on any changes to this now
- Ended call, begin here next time
- Next meeting 8/21/08
