 Voice: 719/590-1112 x 125
 FAX: 719/590-1125
 email: tomℓ@qdot.com

I, _____, wish to apply for the following status with respect to the Waveform Measurements and Analysis Committee (TC-10) of the IEEE Instrumentation and Measurement Society:

- (1) VOTING MEMBER OF TC-10
- (a) MEMBER OF SUBCOMMITTEE ON PULSE TECHNIQUES
- (b) MEMBER OF SUBCOMMITTEE ON A/D CONVERTERS
- (c) MEMBER OF SUBCOMMITTEE ON WAVEFORM RECORDERS

- (2) NONMEMBER OF TC-10

	PULSE TECHNIQUES	A/D CONVERTERS	WAVEFORM RECORDERS
RECEIVING MINUTES VIA INTERNET	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
NO CURRENT INTEREST	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
MEMBER OF BALLOTING GROUP FOR DRAFT STANDARDS	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

For balloting purposes, I consider myself to be a member of the following interest group:

- USER MANUFACTURER GENERAL INTEREST

Signed: _____ Date _____ IEEE # _____ SA# _____

February 5, 2000

MEMORANDUM TO:Parties interested in the TC-10 Committee

From: Tom Linnenbrink, Chairman, TC-10

Subject: Committee Membership

We are updating the membership list for the Waveform Measurements and Analysis Committee (TC-10) and its three subcommittees. Please take the opportunity to fill out this form and return it to me at the address given on the form, so that your interests in TC-10 are on record.

On the form, you can designate that you wish to be a voting member of TC-10, or not. If you do not wish to be a voting member, you can still be included on our mailing lists to receive the minutes of meetings by mail or the Internet. You can also elect to be a member of the balloting group for a particular Draft Standard without being a regular member of TC-10. If you choose this option, please indicate the Standard you wish to ballot on. Also, in order to ballot, you must be a member of the IEEE Standards Association (SA). If you want to join the SA, contact the IEEE membership office. SA membership costs \$10 per year.

Currently, TC-10 has three standards projects, each of which will generate Draft Standards to be balloted: Standard for Digitizing Waveform Recorders (1057), Standard on Pulse Measurement and Analysis by Objective Techniques (181), and Standard for Terminology and Test Methods for A/D Converters (1241). Voting members of TC-10 will automatically be included on the balloting membership for each of these projects unless they request not to be included or are not a member of the SA.

If you elect to be a voting member of TC-10, you can request to be a member of any or all subcommittees. However, these are working groups and their membership will be restricted at the discretion of the respective subcommittee chairmen.

By requesting membership in TC-10, you are expected to materially participate in the activities of the committee or its subcommittees. The subcommittee chairmen and I reserve the right to drop names of inactive members from the membership roster. To maintain your membership, you must reapply annually by filling out the enclosed form. You will be notified and sent new forms before your membership expires.

Please complete and return this form to me to assure your membership or receive minutes.
