This is an IEEE P802.11 letter ballot. Please return this page by fax or by e-mail after filling in your name, voting status and votes.

Warning: Voting members have an obligation to vote. Not returning two ballots in a sequence of 3 letter ballots will automatically terminate voting rights.

Date of ballot: February 12, 1998

Closure of ballot: Wednesday February 20, 1998 (beginning of my business day)

Ballot return

From (name of voter): __________________________ 1
Voting member: Yes/No2

<td></td>
<td></td>
</tr>
</tbody>
</table>

NOTE: Because this ballot is a recirculation ballot, you can only comment (and base a no-vote-) on changed text. However, I am sure the resolution group will consider comment on existing text on its merits. This is, however, not a default ballot. You have to submit your vote.

1 Fill in your name
2 Strike the wrong one (refer to doc.: 98/64 for status)
3 Mark one per row to give your vote
4 No votes require comments to instruct the group how they can resolve your No vote. Refer to doc.: 98/66 for instructions of how to submit the comments.
5 Only counted as a valid vote if marked “lack of expertise”
