    - 802 requires  $\geq 75\%$
  - 56.7% return ratio
    - IEEE requires  $\geq 75\%$
  - 0% abstention ratio
    - IEEE requires  $\leq 30\%$
- Ballot passes
  - Resolve the comments we have currently on D1.1 and recirculate

# Status of Comments on D1.1

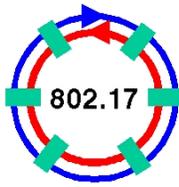

- 1 valid comment received on recirc
  - 1 Technical non-binding
- 3 days to resolve The Comment
  - Is that enough time??

# Plan For Rest of Week

- Editorial schedule:
  - Monday: Presentations if any, Chair and editors meet to review comments and map out resolution process
  - Tuesday: Comment resolution
  - Wednesday: Comment resolution
  - Thursday: Editors' reports, punted comments, Motion Madness
    - The usual stuff ...

# Track Breakdown

- One track (one room)

Room assignments, updates and instructions will be posted outside doors; **please check frequently!!!**

# Posting of CRDs and Reports

- CRDs will be posted by editors on the file server
  - Posting will be done as soon as possible after comment resolution session ends (and editors have had a chance to clean up CRD)
  - Posting will also be done on a nightly basis if comment resolution session spans 2 or more days
  - To retrieve the CRDs, look in the directory “latest\_CRD”
  - File names will be of the form “*section\_CRD\_date\_time*.USR” where *section*, *date* and *time* will be filled in by the editors
    - For example: MAC\_CRD\_5-20-03\_9PM.USR
- Editors reports will also be posted when done
  - To retrieve, look in the directory “editor\_reports”
  - File names will be of the form “*section\_report*.ppt” or “*section\_report*.pdf”

Posted files will be kept up to date on a best-efforts basis!

# Handling of Comments

- The disposition of each comment is determined at this meeting
  - A comment may be accepted (or accepted-modified) – closed
  - A comment may be rejected – closed, but see below
  - A comment may be unresolved – open
- Rejected technically-binding comments will be circulated with the new draft for review
  - This is done to see if anyone will change their vote on the basis of the rejection (in this case, they submit their own technically binding comments)
  - However, the rejected comment is closed and will not appear in new database
- Unresolved comments will be carried forward
- Resolve comments to maintain approval ratio
  - Objective is to convert disapproves to approves
  - If the resolution of a comment would convert an approve to a disapprove, then look for alternate resolutions
- **Editors must obtain signoffs (agree/disagree) from voters on rejected technically-binding comments**
