

10SPE - 10 Mb/s Single Twisted Pair Ethernet Study Group Ad Hoc Report November 2016

Peter Jones - Cisco

Ad Hoc: Charter, scope/deliverables, San Antonio, Texas

- **Charter**

- The main goals of the calls will be to discuss and prepare content, and contributions to develop the required documentation of objectives, PAR and CSD.
- The AdHoc will also discuss general topics to progress the work of the Study Group.

- All related work and presentations can be found here:

<http://www.ieee802.org/3/10SPE/public/adhocs/index.html>

Ad Hoc: Activity since San Diego, CA

- **Between Fort Worth, Tx and San Antonio, Texas**
 - 5 meetings
 - 11 presentations covering a wide variety of topics.
 - 160 total attendees
 - Minutes from September 7th are at link below – any objection to approving them?

http://grouper.ieee.org/groups/802/3/10SPE/public/adhoc/10spe_SG_adhoc_minutes_00_2016_09_07.pdf

Ad Hoc: Next Steps

- Further work

Review contributions related to different areas of work of the group.

- Next meetings – If we continue as normal

Regular meetings will be scheduled weekly following San Antonio, Texas using the same alternating timeslots (see below). We will take a one week break after San Antonio, Texas before resuming meetings

Monday 9:00am – 11:00am PT

Wednesday 7:00am – 9:00am PT

- Next meetings – do we want to rethink this?

Every second week for two hours in the Monday or Wednesday timeslot? Every week for an hour alternating Monday & Wednesday ?

AdHoc chair would prefer every second Wednesday for two hours, more efficient, and easier to manager.

Post Presentation note: We had in-room agreement to move to every second Wednesday for two hours. I plan to start Wednesday, November 16, 2016 7:00 AM-9:00 AM (UTC-08:00) Pacific Time (US & Canada). This means that we have a meeting the week after the plenary, but means I don't need to change the Wednesday meeting series, just cancel the Monday series.

- Thanks to all ad hoc contributors and participants.

Contributions and active participation are how we move this effort forwards.

Thank You!
