# Ad Hoc: Overview

- As announced on reflector

The main goals of the calls will be to reach consensus on the basic elements of the project documentation: Objectives, PAR and CSD responses. It's important to get this done now because we will be on a tight schedule in Atlanta, and would like to make the best use possible of the time.

- All presentations and minutes can be found here:

- Next meetings
  - Virtual meetings will be scheduled using the same timeslot (Wednesday 2:00pm-3:30pm PST) unless the group decides otherwise.
  - I propose to skip the week after the interim (1/28/16), so the next meeting will be 2/4/16 unless the group requests otherwise.

Thank you.
