Subject: Informal communication in reply to 25N2459 Cabling to Support 2.5/5GBASE-T

Approval: Agreed to at IEEE P802.3bz meeting, Bonita Springs FL, 15-16 Sep 2015

Dear Dr Oehler,

Thank you for the liaison letter informing us of your plan to provide guidance on the use of installed cabling to support 2.5G/5GBASE-T. We look forward to the completion of ISO/IEC TR 11801-9904 and would appreciate access to your drafts in progress. We will provide you with copies of our future drafts to help synchronize our activities.

We anticipate an approved standard for 802.3bz in December 2016 and would therefore appreciate a technically complete Technical Report by May 2016.

Sincerely,

David Chalupsky
Chair, IEEE P802.3bz 2.5G/5GBASE-T Task Force
david.chalupsky@intel.com
