DATE:	6th Feb, 2014	5
NAME:	Marek Hajduczenia	6
COMPANY/AFFILIATION:	Bright House Networks	7
E-MAIL:	marek.hajduczenia@ieee.org	8
		9
REQUESTED REVISION:		10
STANDARD:	802.3-2012	11
CLAUSE NUMBER:	75	12
CLAUSE TITLE:	75.3.5.3 10GBASE-PR and 10/1GBASE-PRX Signal detect functions access networks	13
		14
		15
PROPOSED REVISION TEXT:		16
In Table 75-4, heading of the last column, change "Signal_detect value" to "SIGNAL_DETECT value" to match the capitalization of the parameter for the message defined in 75.3.1.5 PMD_SIGNAL.indication.		17
In Figure 75-3, change all instances of "Signal_Detect" (2 instances were located) to "SIGNAL_DETECT".		18
In Table 60-2, heading of the last column, change "Signal_detect value" to "SIGNAL_DETECT value" to match the capitalization of the parameter for the message defined in 60.1.5.4 PMD_SIGNAL.indication.		19
In Figure 60-2, change all instances of "Signal_Detect" (2 instances were located) to "SIGNAL_DETECT".		20
No other changes are needed - all references to "Signal Detect Threshold (min)" in Table 75-4 point unambiguously to specific parameters in Tables 75-6, 75-11, and 75-7, as detailed in respective columns in Table 75-4.		21
		22
RATIONALE FOR REVISION: Capitalization of the PMD_SIGNAL.indication message parameter is different in these locations - align with the prevailing (more common) all upper case capitalization.		23
		24
This is a revision and clarification to MR 1256.		25
		26
IMPACT ON EXISTING NETWORKS: None, it is just a capitalization issue.		27
		28
