

**Call For Interest in Standards on Broadband over Power Lines Meeting
7 June 2004
Denver, Colorado USA**

Agenda

- 10:00 Introduction and Goals for meeting Jim Carlo (30min)
- Attendee introductions, including affiliations
 - Goal of this meeting
 - Options for IEEE standards development (individual method, entity method)
- 10:30 Power Engineering Society Presentation and Update (35 min)
- Bruce Dietzman, Vice President, PES Technical Activities (5 min)
 - John Newbury, Power Systems Communication Committee (15 min)
 - To Be Determined (15 min)
- 11:05 Presentations (75 min)
- Eric W. Gunther, EnerNex Corporation (15 min)
 - Bruce Renz) Amperion (15 min)
 - Jim Mollenkopf, Current Technologies (15 min)
 - Joseph A. Marsilli, Jr., Main.net, Power Line Communications, Inc. (15 min)
 - Ed Hare, American Radio Relay League (ARRL) (15 min)
- 12:30 Lunch (to be provided) (30 min)
- 1:00 Presentations (cont'd) (75 min)
- Paul Henry, AT&T Labs – Research (15 min)
 - Alex Gelman, Panasonic (15 min)
 - Mark Laubach, Broadband Physics, Inc. (15 min)
 - Oleg Logvinov, Arkados Inc. and Home Plug Alliance (15 min)
 - Victor Dominguez, DS2 (15 min)
 -
- 2:15 Summary and Next Steps (45 min)
- Identify list of standards needed; identify leaders and working groups
 - Proposed next Meeting: July 2004, IEEE, Piscataway, NJ
 - Organizational issues and how to move forward
- 3:00 Adjourn
