

The panel and its committees established the following objectives at the meeting that was held on 15/16 January 2018:

Panel Objectives

1. Expand membership with an emphasis on IMU community.
2. Reach out to unrepresented organizations within the inertial community.
3. Submit a PAR for 528 revision by the end of the year.
4. Submit a PAR for 517 corrigenda by the end of the year.
5. Submit a PAR for 813 corrigenda by the end of the year.
6. Assign legacy documents for review to appropriate committee based on due date and state of document.

Systems Committee Objectives

1. Complete 100% of P1780 (IMU standard) first draft by 1 November 2018.
2. Compile new and revised system terminology to incorporate into the next revision of Std 1559.

Sensors Committee Objectives

1. Complete resolution of the Industry Survey comments on the revision of Std 1293 and send out for ballot.
2. Complete a revision of Std 952.
3. Complete the resolution of known technical issues in Std 517 and publish the drafted corrigenda.
4. Compile new and revised sensor terminology to incorporate into the next revision of Std 528.
