Minutes (Unapproved)
Microprocessor Standards Committee
Tuesday, 14 July 2020, 11:00 EST to 12:00 EDT

1. *Getting used to using WebEx*

2. *Introduction and Roll Call*

    Leonard Tsai

    Ashley Butterworth

    Nathalie Revol

    Baker Kearfott

    Tom Thompson (IEEE Staff)

    Don Wright

    David Hough

3. *Approval of previous meeting minutes*

    Approved by consensus

4. *Approval of Agenda*

    Approved by consensus

5. *Brief discussion of status of 1394 (benefits of remaining active vs document remaining available; work required for volunteers to put document into current format, etc.)*

    Leonard and others pointed out significant current use within industry, so keeping the standard active is advisable.

    Thomas verifies that IEEE staff can put the document into the current format. The MSC can then review it and handle the Sponsor Ballot.

    Leonard, Les, and Ashley may be able to help with review, as well as Don.

    NO normative changes are envisioned, simply updating the template.

    Motion: That the MSC direct the chair to open a revision par and request IEEE staff to transform the 1394 standard to the new template. (Moved by Don, seconded by Leonard.)

    Motion passes by consensus.

    Don agrees to write a draft for the revision PAR for Leonard and me to review.
