

## Wednesday Evening Dinner Social Ontario Science Centre

Since it opened in 1969, the **Ontario Science Centre** has attracted over 40 million visitors from around the world and is one of Canada's most visited attractions.

You will enjoy a wonderful sit-down buffet dinner consisting of chicken, salmon, and beef steak. There is also a vegetarian option. You are ensured a tasty and substantial meal.

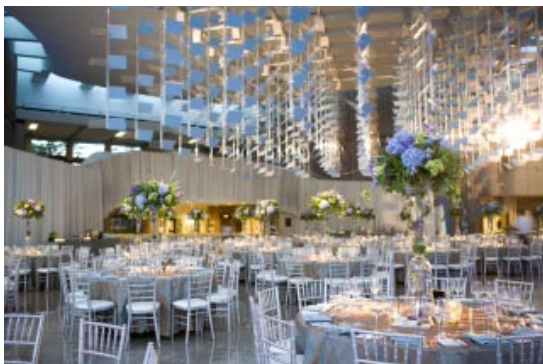

We will explore nine exhibition halls, with more than 600 interactive exhibits and demonstrations including the new **Weston Family Innovation Centre** and the **IMAX® Theatre**.

Opened in 2006, the **Weston Family Innovation Centre** will inspire visitors to take on and find practical solutions to current world problems; merge art with science; and work with a variety of materials. Visitors will be challenged to think differently about themselves and the world.

The **IMAX® Theatre** will feature "Legends of Flight". Explore the relationships between natural flight, advanced design, innovative assembly techniques and operational technologies that have brought us to the dawn of a new era in aircraft design.

You will also be able to see the Special Exhibit which is "Mythic Creatures: Dragons, Unicorns and Mermaids".

**The fee for this event includes bus transportation, entry into the OSC, buffet dinner, IMAX film and the Special Exhibit. Board one of the first buses at the Hilton to ensure you have time to enjoy all the exhibits.**
