Updated IEEE Power, Distribution, & Regulating Transformers Standards 2016 Collection

PDFs on CD-ROM

Features:

- **This IEEE CD-ROM Includes 104 active IEEE Standards,** Guides, and Recommended Practices along with amendments, corrigendum, errata, and interpretations of the IEEE Transformers Committee.
- **Also known as the IEEE C57 Series,** many of the standards are recognized by the American National Standards Institute (ANSI).
- **New VuSpec™ Series Interface:** Starts automatically in your web browser with free Adobe Reader software.
- **Powerful Search Features:** Search on abstracts, keywords, an entire standard or across multiple standards.
- **Convenient New VuSpec Glossary Tool:** Look up over 500 terms and their definitions derived from the standards.
- **Index:** Find the standard you need fast, from a list of pre-sorted keywords.
- **Significant Savings—save more, get more!** Individually, these standards sell for over \$9,385.

Special Meeting Pricing:

Fall 2016 Transformers Committee Meeting

October 23-27, 2016
Vancouver, BC Canada

CD-ROM can only be purchased from the on-line meeting registration system. Go to www.transformerscommittee.org, "Next Meeting" page, and purchase while registering for the meeting. Available for purchase with the on-line registration system until October 19, or at the meeting in Vancouver, BC Canada.

IEEE Member: USD \$1,075.00
Non-Member: USD \$1,345.00
Committee Member: US \$965.00
(includes tax, shipping, and handling)

Regular Pricing:

IEEE Member Price:
USD \$1,213.50
Non-Member Price:
USD \$1,618.00
(not including tax, shipping, and handling)

Special pricing is only offered through Transformer Committee meeting registration website.
