

**Tuesday Guest Luncheon Presenter**  
**George Nigh**

Known as an area historian and Oklahoma Humorist, Former Governor George Nigh recently came out of retirement to join Local Oklahoma Bank as a member of its Board of Directors and to also accept the role of Director of Community Relations for Local Oklahoma.

Nigh's political career began in 1950, when as a 22-year-old senior in college, he was elected to the Oklahoma House of Representatives as its youngest member. In 1958, at age 30, Nigh filed and was elected Lt. Governor, becoming the youngest in Oklahoma history and the youngest then serving in the United States.

After 16 years as Lt. Governor, Nigh was elected Governor in 1978

and with his election again in 1982, he became the first Governor in Oklahoma to ever be re-elected, and the only Governor to carry all 77 counties.

Nigh has actually been Governor on 4 different occasions, having completed two brief, unexpired terms when governors Howard Edmonson and David Boren resigned early to go to the US Senate.

Nigh also taught in the McAlester High School in the 1950's while serving in the Legislature. In 1987 upon leaving the Governor's office, he returned to education as Distinguished Statesman in Residence at the University of Central Oklahoma (UCO).

Nigh became President of UCO and served there from July 1992 through July 1997.

Nigh has been very active in civic and philanthropic organizations. He was appointed by President Clinton as National Chairman of the President's Committee to raise funds that provided scholarships for all surviving children of those killed in the Oklahoma City bombing.

He is President of the Donna Nigh Foundation, which benefits Oklahomans with Developmental Disabilities.

Governor Nigh currently serves on the Advisory Board for Express Personnel Services and recently retired, after 12 years on the Board of Directors of JC Penney.

Nigh has been inducted into several halls of fame, including The Oklahoma Hall of Fame, The Oklahoma Vo Tech Hall of Fame, The US Jaycees Ten Outstanding Americans Hall of Leadership, and was awarded the national Martin Luther King Award.

## Optional Southwest Electric Plant Tour and Oklahoma Style Barbecue Lunch

(Visit [www.transformerscommittee.org](http://www.transformerscommittee.org) for specific schedule information.)

Invited guests won't want to miss this opportunity to visit the Southwest Electric Plant. The Power Transformer Division of Southwest Electric redesigns and re-manufactures power transformers to current IEEE standards utilizing copper conductors and modern insulating materials. A resident engineering staff performs computer based short circuit analysis and redesigns the transformer incorporating Southwest's coil clamping system and needed reinforcements to structural members, to assure compliance with IEEE short circuit withstand requirements. Skilled, experienced craftsmen re-manufacture the transformer in accordance with documented procedures and under the control of a comprehensive quality program to assure compliance with customer requirements and Southwest Electric standards.

## About Oklahoma City

Known for its great western heritage and old west traditions, thanks to a city-wide revitalization effort, downtown Oklahoma City now boasts the nation's premier minor league ball park and water canal that flows beside choice restaurants, shops and quaint cafes in the historic Bricktown entertainment district.

### Dining Out...

Looking for a nice view for dinner? Take a water taxi tour on the mile-long canal waterway and pick out your favorite foods. Some local favorites include, Chilino's Mexican Restaurant, Mickey Mantle's Steakhouse, Zio's Italian Kitchen and barbecue at the The Biting Sow.

### Special Attractions...

For a quieter evening, stroll through the Gallery at Bricktown, a 4,000-square-foot art gallery featuring only Oklahoma artists. And be sure to go by the Dancing Fountains, the Myriad Gardens and Tropical Conservatory before finishing up the night with exotic coffee and some dessert at Uncommon Grounds. If you want to get out of downtown, Omniplex houses nearly 300 hands-on scientific marvels, the Red Earth Indian Center, the Kirkpatrick Science and Air Space Museum and the National Photography Hall of Fame. Omniplex is also home to a large-format 70mm movie theater, with a 70-foot domed screen providing a spectacular viewing experience for nearly 300 people.

Up the street from Omniplex you can view the three new galleries opened at the National Cowboy & Western Heritage Museum, and learn about life in the Old West at Prosperity Junction, a recreated western town.

A must see on your list is the Oklahoma City National Memorial. The Gates of Time mark the formal entrances and frame the moment of destruction--with the east gate marking 9:01 and the west gate marking 9:03. The Reflecting Pool occupies what was once NW Fifth Street and the Field of Empty Chairs stands as a reminder of the 168 lives lost.

Whatever your heart desires, Oklahoma City can fill the bill!
