

Wednesday Evening Dinner Social Wednesday, 25 October 2006

Nature and Good Food ... That's Québec!

If there is only one social activity that you attend at this conference, don't miss the Wednesday Evening Dinner Social. That's when you will experience what Québec is all about: nature and good food!

Two groups of buses will depart the Delta Centre-Ville Hotel at different times. The first group will depart the hotel early for a brief visit at the Biodôme de Montréal before continuing to the restaurant. A second group will depart the hotel later and join the first group at the restaurant.

Available meeting attendees and companions will begin departing the hotel at 4:00 PM for the Biodôme de Montréal -- a one-of-a-kind nature museum. The last bus for the Biodôme departs at 4:30 PM (immediately following the Bushings and Distribution Transformers SC Meetings). The Biodôme contains four of the most beautiful ecosystems found in the Americas, all under one roof. Experience the Tropical Forest, the Laurentian Forest, the St-Lawrence Marine Ecosystem, and the Arctic and Antarctic Polar Worlds by walking through them and feeling each special environment. Don't forget your camera!

At 6:00 PM (immediately following the SC Standards Meeting), additional buses will depart the hotel and join the first group at the Hélène de Champlain -- one of the finest restaurants in Montréal, located on Ile Ste-Hélène, in the middle of the St-Lawrence seaway.

As you arrive at the Hélène de Champlain Restaurant, cocktails of sparkling wine and a regional liqueur distilled from blueberries will be served in the Roseraie Room and its terrace (weather permitting), while a harpist plays in the background. At 8:00 PM, dinner is served in the Roseraie Room, accompanied again by harp music.

After dinner, buses will board to have you back to the Delta Hotel between 10:30 and 11:00 PM.

Dinner will consist of:

Trilogy of Mushrooms with Chablis

Soup of the season

Breast of Chicken flambée with Grand Marnier

Crème brûlée

Coffee, tea, herbal tea

(other choices could be made available on request)

Register on-line at www.transformerscommittee.org. Advance registration is necessary.
