

Speaker Luncheon Tuesday, October 26

Guest Speaker

Amir Shalaby is the Vice President of Power System Planning for the Ontario Power Authority (OPA). He has specific responsibility for the long-term integrated plans for the development of Ontario's electricity system.

Mr. Shalaby is a Professional Engineer with undergraduate and graduate degrees in Electrical Engineering from the University of Waterloo and a Master of Business Administration degree from the Rotman School of Management at the University of Toronto.

Luncheon Topic

"Ontario Electricity Status and Outlook: 2005-2015"

Ontario's electricity system is being transformed over the period 2005-2015. Restoring reliability and keeping up the investment in infrastructure are priorities that will enable coal replacement and a doubling of renewable power by 2015.

Mr. Shalaby will highlight the major changes/opportunities/challenges associated with this transformation.

Registration

- To join us for the luncheon, register on-line at www.transformerscommittee.org
- Indicate your meal selection (beef, chicken or vegetarian).
- Paper tickets will not be provided. Admission to the event and meal selection will be verified with a registration list at the door.
