

IEEE 1904 Access Networks Working Group

Closing report

Glen Kramer, glen.kramer@ieee.org

1. Curtis Knittle, CableLabs, is appointed the WG Vice chair
 - The appointment will last until WG conducts the election of officers
2. Marek Hajduczenia, Charter Communications, leads an ad hoc on PnP updates.
3. IEEE 1904.2 draft was accepted (full replacement of D0.3)
4. System-level spec for 25G-EPON and 50G-EPON is needed
 - Should be a new project (i.e., a separate IEEE 1904.3 standard)
 - Target NesCom PAR submission deadline on April 23rd.
5. Date and time of next teleconference is set for March 25th, 2020, 4-7PM Pacific
 - Group's preference is to have a single longer call instead of two shorter ones

- ❑ Action items to be completed before the next meeting
- 1. A set of instructions and a form for 1904.2 comment submission is to be created -- done
- 2. WG Chair will complete the 1904.3 PAR form in MyProject and will circulate a full PAR document for discussion
- 3. Proposed updates to PnP are to be circulated for discussion

Thank You
