

IEEE 1588 Discussion

Rodney Cummings

National Instruments

Staying Up to Date with 1588

- As with 802.1,
access to some 1588 documents requires membership,
but membership is easy to obtain by email
 - Initially Observer status (non-voting)
 - Technically, Observer status can be lost if you miss six consecutive 1588 meetings
 - Currently 12 phone and 3 face-to-face per year
- Links in this presentation require 1588 membership
- Simple instructions to join
 - <https://ieee-sa.centraldesktop.com/1588public>

Subcommittees

- Architecture
 - High Accuracy
 - Management
 - Security
 - Upkeep
-
- A few topics relevant to 802.1AS...

Upkeep Item 80: Profile Isolation

- Background
 - <https://iee-sa.centraldesktop.com/1588/file/33713932>
- Draft proposal
 - <https://iee-sa.centraldesktop.com/1588/file/33713942>

Architecture

- Media dependent / independent layering
 - Draft proposal should look familiar
 - <https://iee-sa.centraldesktop.com/1588/file/33669072>
- Alternative BMCA issues
 - <https://iee-sa.centraldesktop.com/1588/file/32537737>
- Discussion:
Vision for future relationship of IEEE 802 and 1588
