Dear Mr. Parsons,

I refer to your draft sharing communication from Nov 14<sup>th</sup> 2019 and May 4<sup>th</sup> 2020.

LNI 4.0 is greatly thankful for the trustful and close liaison-based collaboration with your IEEE 802.1 Working Group.

LNI 4.0 downloaded the seven provided documents directly into its password protected and LNI 4.0 member restricted area of our sharepoint. We certainly keep close track that the document area fulfills all required security measures.

LNI 4.0 is aware that these documents may undergo changes at any time. As established on April 15<sup>th</sup> LNI 4.0 will continue to share all documents created within its testbed. Most importantly this will be the commenting on the drafts. Due to the COVID-19 situation this may take longer and LNI 4.0 is kindly asking for your patience. LNI 4.0 is looking forward to our next document exchange and wished IEEE 802.1WG all the best for its operations in these extraordinary times.

Kind Regards,

---

Thomas Hahn
