Date: November 3, 2025

Dear Colleagues,

The Ultra Ethernet Consortium wishes to recognize the letter from IEEE 802.1 Working group, dated July 31, 2025, and expresses our apologies for the delay in a response.

We value the opportunity to coordinate on areas of mutual interest, particularly regarding Link Layer developments within the UEC. The requested details concerning Link Layer work are currently being compiled and will be shared in a forthcoming liaison communication. At the same time, we are preparing additional details about related work that will be provided very shortly.

We look forward to continued collaboration and alignment between our respective organizations.

Sincerely,  
J Metz, Ph.D – Chair, UEC  
On behalf of the Ultra Ethernet Consortium
