| IEEE 802.1 REVISION REQUEST 0012                                      |
+-----------------------------------------------------------------------+
```

DATE: 9/29/11
NAME: Stephen Haddock
COMPANY/AFFILIATION: Haddock Consulting LLC
E-MAIL: shaddock@stanfordalumni.org

REQUESTED REVISION:
      STANDARD: 802.1Q-2011
      CLAUSE NUMBER: 26.8
      CLAUSE TITLE: Connectivity Fault Management in Provider Backbone Bridges

RATIONALE FOR REVISION:

Several of the MEP/MHF icons shown in Figure 26-2 of 802.1ah-2008
do not show up in Figure 26-2 of 802.1Q-2011. This seems to be a
problem that occurs when importing the Visio source for the figure
into some versions of Frame.

PROPOSED REVISION TEXT:

Play around in Frame until the figure imports correctly.

IMPACT ON EXISTING NETWORKS:

No impact on existing networks since the figure is not normative, but
it is a very useful figure for reference.
