| IEEE 802.1 REVISION REQUEST 0134                                    |
+-------------------===================================----------------+
```

DATE: 3/18/2014
NAME: Eric Multanen
COMPANY/AFFILIATION: Intel Corporation
E-MAIL: eric.w.multanen@intel.com

REQUESTED REVISION:
     STANDARD: IEEE 802.1AB-2009
     CLAUSE NUMBER: E & F
     CLAUSE TITLE: IEEE 802.1 Organizationally Specific TLVs

RATIONALE FOR REVISION:

Once the current P802.1Q-REV project becomes a standard, clauses E and F may
be removed from IEEE 802.1AB because the IEEE 802.1 Organizationally Specific
TLVs defined in clause E have been moved to P802.1Q-REV and, in the case of
the Link Aggregation TLV, to P802.1AX-REV.
The IEEE 802.3 Organizationally Specific TLVs have been transferred to an
802.3 standard.

PROPOSED REVISION TEXT:

Once P802.1Q-REV, P802.1AX-REV and relevant 802.3 projects have been
standardized, remove clauses E and F from IEEE 802.1AB.

IMPACT ON EXISTING NETWORKS:

None.
