1.2 Voting rights:

Participation in debates, moving and seconding is only permitted by voting members, in all 802.11 meetings (at all levels). The subgroup chairs may permit observers to participate in debates.

Voting at the working group level is by voting members only. Chair may permit observers to participate in debate. To become a voting member:

- participate in at least 2 out of 4 consecutive plenary meetings. Voting rights start at third meeting
- participation in at least 75% in meetings, in the room
- one interim may be exchanged for a plenary
- Voting members will get a token to be used at votes

Voting rights can be maintained:

- by participation in 2 plenary meetings within 4 consecutive plenary meetings
- one interim may be substituted for a plenary

Voting rights may be lost:

- after failing to pay the conference fee
- after missing two out of three consecutive letter ballots

Current state of member status:

- 69 - Voting members
- 12 - Aspiring voting members
- 25 - Nearly voting members

1.3 Attendance list, Registration: The attendance list was distributed - 75% attendance according to the attendance list is required to qualify for attending the meeting as a whole, so make sure to sign the book. Copies of the attendance list are handed out before the end of each meeting.

- important for administration of voting rights that the attendance book is used properly.
- sign per meeting (morning, afternoon, evening). Do not sign ahead.
- place initials. Do not cross or underline.
- circle the letter corresponding to the meeting you attend when signing (F=full 802.11, P=PHY, M=MAC group).

Check e-mail addresses in the book:

- some addresses have been struck, or have a \$-sign added to the right - those received complaints from the reflector
- please strike your e-mail address if you do not use it
- if you do not disagree to receiving very long files, mark bulk e-mail with yes

1.4 Logistics: Document distribution is done using pigeon holes - you will find your copies and messages in the referenced location in the expanding file folders in the slot *in front of* your name.

Document distribution:

- sign in for a slot, remember the letter and number
- pigeon holes are file folders with a letter id on each folder and a number on each slot
- in each folder are numbered slots, each of which is 'owned' by a person
- each person owns slot in front of number

Conference fee to be paid through registration office.

Coffee breaks at 10 AM and 3 PM. Noon to 1:00 PM lunch

3. Reports

3.1 The Executive Committee, by Vic Hayes

Document 90/105, proposed ISO liaison statement containing comparison between 802.11 and HIPERLAN standard presented and found to be a good starting point. Left for comments from 802.11.

In addition to the neutral comparison, 802.11 was requested to prepare a contribution to ISO from the USA member body to propose 802.11 as the only International standard for wireless LANs.

Jim Carlo is the new Chairperson for IEEE 802, LMSC.

Appointments of non-WG officers

- Vice-chair Paul Nicolich
- Executive Secretary Buzz Rigsbee
- Recording secretary Kelly McClellan
- Treasurer Kirk Preiss
- Other interested for Vice-chair possible till Tuesday 6 PM

New publication: information report

Many of the good tutorials given in 802 are worth to be published, a new way is being sought, for instance: applications of standards technology. 802.11 showed no objection to pass this to an ad-hoc of 802.

Looking for response to the meeting place being remote from guestroom accommodations.

3.2 The Editors:

Future versions of the draft will be distributed in both WfW V6 and PDF format

3.3 The letter ballot on draft D4.0 results 11/106

Concern was expressed regarding Eran Shpak's voting status and Tom T's late No vote. (Note from the chair: at the My meeting the chair had ruled that votes from Nearly voting members would be counted and be valid)

Motion #4: *To disallow late letter ballots from Tom T and Ron Mahany*

Moved by: Bob O'hara
Seconded by: Stuart Kerry

Motion Discussion: none

Vote: 19-0-3 **Motion #4 passes**

Motion #5: *To disallow the ballot by John Biddick as not meeting the minimum requirements for a "NO" vote*

Moved by: Bob O'hara
Seconded by: Michael Fischer

Motion Discussion: none

Vote: 15-2-5 **Motion #5 passes**

4. Review of contributions: Several new contributions. Not listed here.

5. Adoption of agenda: The agenda was modified to contain destiny of draft and destiny of Regulatory Commission as Unfinished business and Press Release, Iso contribution and Supernet as new business. This was adopted by unanimous consent.

6. Unfinished Business:

6.1 Destiny of the draft standard

The following options were listed:

1. send draft 4.0, as is
2. send draft 4.0+ with only editorial changes
3. send draft 4.1, that addresses only comments on NO votes
4. send draft 4.1+ that addresses NO comments and time-limited other comments
5. send draft 4.1++ that addresses all comments

Motion #6: *to work toward sending the draft out for sponsor ballot without requiring a confirmation ballot*

Moved by: Chris Zegelin
Seconded by: Jon Rosdahl

Motion Discussion: none

Vote: 5-16-1

Motion #6 fails

Motion #7: *to process as many comments as possible, so that text is ready at the end of the week to conduct a confirmation ballot, to present any contentious issues to the full working group prior to incorporating changes, and to flag all technical changes that would require a confirmation ballot.*

Moved by: Keith Amundsen
Seconded by: Dean Kawaguchi

Motion Discussion: none

Vote: 19-1-2

Motion #7 passes

6.2 Destiny of Regulatory Committee

Motion #8: *to adjourn for subgroups.*

Moved by: Dean Kawaguchi
Seconded by: Nathan Silberman
