

Session #42 802.16
Maintenance Task Group
Opening Plenary Report
May 6, 2006

- Chair: Jon Labs
- Editor: Itzik Kitroser

Proposed Maintenance Process

- Currently we are not working on a Corrigendum project
- Need a process for dealing with reports of errors, ambiguities and errata when there is not a Corrigendum project
- TG formed a proposed maintenance process for handling and compiling reports of errors, ambiguities and errata in the 802.16 published standards:
 - IEEE 802.16-2004
 - IEEE 802.16e-2005
 - IEEE 802.16f-2005

IEEE 802.16maint-06/003

Proposed Maintenance Process

- Issued a call for comments on the proposed process from 7 February to 28 February, 2006.
- Received 9 comments from four commentators
80216maint-06_005.USR
(uploaded to Maintenance directory)
- Will accept late comments up to the Maintenance session Thursday morning.

Schedule for the week

- Tuesday 8-12, Agate C
 - Accept the minutes of the Maintenance TG meeting from Session #41
 - Resolve comments in 80216maint-06_005.USR
- Thursday 8-12, Agate C
 - Finish resolving comments in 80216maint-06_005.USR, including any late comments
 - Issue 80216maint-06_005r1.USR
 - Update IEEE 802.16maint-06/003 according to the comment resolutions and submit IEEE 802.16maint-06_003r1

Expected Motion for the Closing Plenary

- For the WG to accept the Maintenance process as described in IEEE 802.16maint-06_003r1.
