Session #42 802.16 Maintenance Task Group Closing Plenary Report
March 9, 2006

- Chair: Jon Labs

Activities of the Week

- Two sessions: Tuesday AM and Thursday AM.

- Administrative:
  - Approved minutes from Session #41 (IEEE 802.16maint-06/002)
  - Recorded minutes ➜ IEEE 802.16maint-06/007 (in Maintenance upload directory)

Activities of the Week

- Had a tutorial/introduction to the 802.3 maintenance by David Law with Q&A
  - Slides uploaded as 80216maint-06_009.pdf.
  - Very educational as what 802.3 does in their process and what can and cannot be done outside of an project
    - One cannot vote to resolve comments/requests outside a project
    - E.g. a working document is too much like a project draft and not recommended.

Activities of the Week

- Reviewed the proposed maintenance process extensively (IEEE 802.16maint-06/003)
- Resolved all comments submitted on the proposed process
  - 10 comments, 1 comment late
  - Generated 80216maint-06_005r1.USR, uploaded to Maintenance upload directory.
  - Generated IEEE 802.16maint-06/003r1, also uploaded to Maintenance upload directory

Motions

Motion #1:

> To request a letter ballot be opened on accepting IEEE 802.16maint-06/003r1 as the maintenance process for 802.16.

Motions

Motion #2:

To open a call for comments/requests on the maintenance of the published 802.16 standards for review at Session #43.
