Draft P802.16-2004/Cor2/D1

- Generated from *80216-06_066r3.CMT*
  - No substantive changes relative to 066r2, only corrections to the votes (there were 4 ineligible voters); for specifics refer to http://ieee802.org/16/arc/802-16list2/msg03926.html
  - 488 pages! (P802.16-2004/Cor1/D5 was 288 pages)
  - Could not be generated in time to start a 15-day recirc letter ballot prior to Session #47. The draft was available on January 10.
  - The editor had issues with 34 of the CR's; to be reviewed this week.
  - To make good use of meeting time at Session #47, WG and TG chairs agreed to open a 5-day Call for Comments on the draft.
  - Call for comments on the draft closed yesterday at 11:00 PM London time.
    - 19 comments in 80216-07_004.cmt in WG upload directory
