

Cable Heating Ad Hoc

Wayne Larsen CommScope

Cable Heating Ad Hoc

- No cable heating ad hoc meeting was held since the May meeting
- No future cable heating ad hoc meetings are planned
- Both ISO and TIA are developing documents to address cabling to support 4-pair, 100 Watt power, and both have open sub-groups with regular conference call meetings. Interested parties should contact the leadership and join these groups
 - ISO: Masood Shariff, mshariff@commscope.com
 - TIA: Shadi AbuGhazali, sabughaz@hubbell.com
 - Next meeting July 23

Thank You
