The ieee 802-ethernet-pse module has been revised to NMDA style, there is no state tree anymore.

SuggestedRemedy

Please delete contents from line 28 "The poe-pse container under..." to the end of the subclause.

And add a sentence "The multi-pair container is for PoE PSE while the single-pair container is for PoDL PSE."

Response Response Status C

ACCEPT IN PRINCIPLE.

Removal per comment. Add a para: "The PoE PSE container describes a multi-pair PSE, while the PoDL PSE describes a single-pair PSE."
