156	8, 9, 10, 13	4
Annex 155A		
Annex 156A		

Comment Resolution Process

- Resolve comments against Draft 2.2
 - Any presentations associated with comments will be reviewed during comment resolution session.
 - TRs and ERs require signoff as to whether commenter is satisfied
- Regarding final proposed responses
 - If there is no disagreement on the final proposed response the comment will be closed as proposed.
 - If someone other than the commentor disagrees, a straw poll on the area of concern will be taken and the majority position will decide the final response.
 - If the straw poll contains more than 2 choices, the choice with the lowest number of supporters will be removed. This process will continue until there are only 2 choices.

Comment Resolution Process

- The order and time in which the comments are reviewed during a review cycle are subject to change
- Comments bracketed together with [] cover a common topic
- Where a comment number is underlined (e.g., 59) it contains the proposed response for the group of comments
- Comments colored blue have associated hyperlinked presentations

Comment Resolution Process

- **Baseline Terminology**
 - “Open” comments – comments that Task Force have not agreed upon a remedy
 - “Closed” comments – comments that Task Force have agreed upon a remedy
 - “Final” comments – Task Force has approved motion to adopt the responses to the closed comments
- **Post updated comment database after each meeting**
 - Allow individuals (other than commenter) two business days (AoE) to request on the reflector reconsideration of a “Closed” comment from the prior meeting
 - Individual needs to be present at next meeting to address
 - Normal procedures within the group will apply to determine if comment will be re-opened
- **After all comments closed – normal procedures to adopt responses and generate next draft will be followed**
 - Comments can not be re-opened after meeting where responses are adopted by TF

Note about Comment Resolutions Going Forward

- Consensus building will be key
 - Rule #1 – Use the Reflector
 - Rule #2 – See Rule #1
- Reference: IEEE SA Balloting and Comment Resolution Process Guidelines (<https://standards.ieee.org/content/dam/ieee-standards/standards/web/governance/revcom/guidelines.pdf>)
 - Multiple reasons possible for rejecting comment given –
 - a statement that the CRG could not reach consensus on the changes necessary to address the comment;

Meeting Schedule

- July 27th
- All requests to remove comments from the bucket were due by July 26 at 2pm Eastern.

Comment Resolution – July 27th

- Resolve the following comments

Topic	Clause	Comment #	Count
PCS/PMA	155	2, 4, 14, 19	4
Optical Channels	156	11, 12	2

Thanks!
