                  REVISION REQUEST
3
    +-----
4
    DATE: 10 April 2025
5
    NAME:George Zimmerman
6
    COMPANY/AFFILIATION: CME Consulting
7
    E-MAIL: george@cmephyconsulting.com
9
    REQUESTED REVISION:
10
     STANDARD: IEEE Std 802.3-2022
11
     CLAUSE NUMBER: 130
12
     CLAUSE TITLE: Physical Medium Dependent sublayer and baseband
13
    medium, type 5GBASE-KR
14
    PROPOSED REVISION TEXT:
15
    Replace <= (separate characters less than and equal to) with
16
    the less-than-or-equal-to symbol in item FS3 feature in 130.10.4.2
17
18
    RATIONALE FOR REVISION:
19
    The symbol for less than or equal to is a single character, and
20
    the use of < and = separately, may be confused with
21
    the symbol for assignment which is a (single character) left-facing
22
    arrow.
23
    This seems to be the only instance in IEEE Std 802.3-2022 where the
24
    combination of <= is used for less-than-or-equal 2.
25
26
27
    IMPACT ON EXISTING NETWORKS:
28
29
    NONE.
