Re: TR-42 liaison to IEEE on the use of test method TIA-455-54 (FOTP 54)

Dear Mr Law,

Thank you for letter following our correspondence dated June 17, 2021.

Regarding the reference to test method TIA-455-54 (FOTP 54), we recommend replacing it with a reference to Annex D, of TIA-455-204 (FOTP 204). This annex includes the entire text that was published in FOTP 54. The bibliography of FOTP 54 is included in the bibliography of FOTP 204.

Best Regards,

Gregory Sandels  
Chair, TIA TR-42 Engineering Committee
