Introductions

PAR extension and deadlines need to check

Web site (Russ needs to update membership list & web site)

Draft 9 Status & Discussion

- Provide Draft 9 to membership list
- Need to remove references to IEC 61000-4-30
- Section 5.1, RMS Voltage as a function of time
 - New formula (1), Math to check on old formula.
- RMS Calculation Discussions
 - Duration begin 90%, end 91%
- Nominal Voltage & Declared Voltage Discussion
 - Need to be consistent

Question:

Should faults per feeder mile be included as this is a guide?

Meeting adjourned, next meeting in Orlando, FL.
