

## 6.0 SECRETARY’S REPORT – BILL GRIESACKER

### 6.1 MEMBERSHIP REVIEW

The Committee welcomes and encourages active participants to become Members of the Committee. Requirements and application forms can be found in the Organization and Procedures (O&P) Manual, accessible on the Committee website. A link to the Membership Application form can be found on the TransformersCommittee.org homepage in [Information](#) | Forms. Subcommittee Chairs are encouraged to recommend new members and to communicate the process of attaining membership through **active participation** and **contribution** at the WG and SC level. New member applications may be submitted to the Committee Secretary’s attention at any time. Applications will be collected for review and approval in batches at each Administrative Subcommittee meeting.

#### 6.1.1 New Committee Member Approvals

At the Spring 2022 Administrative Subcommittee meeting, one new committee member application was submitted for consideration. The application was approved. The new member is listed in the following table.

### 6.1.3 Association Management System (AMS) Database

The Transformers Committee AMS database of people, as of 12/31/2021, had three general categories of participation in our activities. These were: **Interested Individual**, **Active Participant**, and **Committee Member**. In addition, the Committee Secretary maintains a list of **Past Committee Members**. The AMS 123 system has been disabled and a new system is under development; more information regarding this new system will be provided as it becomes available.

The following comments are based on the AMS 123 system and will be updated once the new system is functional. A new participant will automatically be assigned the role of Interested Individual when they first sign up. It is the responsibility of everyone to keep his/her profile updated (except for the participant status), although the new memberplanet system is presently under development not yet accessible. Based on the level of participation, the committee administrative staff will upgrade the participation status to “Active Participant” when appropriate. The Committee Member status, however, can only be attained through a formal application with the sponsorship of a minimum of three WG or SC Chairs, at least one of which must be a SC Chair. Details of the application requirements and approval process by the Administrative Subcommittee are outlined in our O&P manual.

The following table contains a count of the participants grouped by the four general categories (CM totals do not include those requesting membership at this meeting or Members to be moved to Past Member Status).

Note that since AMS is inactive and memberplanet membership system is under development, only the Committee Member section of the table has been updated.

## **6.2 COMMITTEE, SUBCOMMITTEES, AND WORKING GROUP ROSTERS**

In order to provide indemnification to working group and subcommittee members it is crucial that membership lists be maintained. The new memberplanet system, when available, will be most likely be the primary repository for membership records. It is important that each subcommittee and working group chair keep the rosters updated so that this information can be provided to the IEEE SA.

A similar main committee roster has also been developed to track attendance for the Main Committee General Session meeting on Monday & Thursday. The data is used to update participants' membership profile.

## **6.3 IEEE/PES AND IEEE/SA MEMBERSHIP REQUIREMENTS**

As a reminder, all members of the Transformers Committee must also be members in good standing of the Power & Energy Society (IEEE/PES) and the Standards Association (IEEE/SA).

WG Chairs must be members in good standing of the Standards Association (IEEE/SA).

## **6.4 COMMITTEE MEMBERSHIP MAINTENANCE**

The last membership audit was performed October 2020 prior to the Fall 2020 Virtual Meeting. Changes to the Committee Membership statuses were reported in the Spring 2021 Secretary's Report. The next scheduled audit for membership requirements in accordance with the Committee P&P will be in 2022 (IEEE-PES and IEEE-SA). Past Committee Members can be reinstated to Committee Member if their status changes and they are able to regularly participate within two years of being changed to Past Committee Member.

## **6.5 SENIOR MEMBERSHIP REMINDER**

IEEE members are encouraged to apply for senior membership. Senior membership gains recognition by peers/management and better positions for fellow membership. The requirements are 10 years of experience and 3 references.

More details and application can be found at <https://www.ieee.org/membership/senior/> or under the “information tab” of the Transformers Committee website.

## **6.6 ESSENTIAL PATENT CLAIMS**

All registrants were asked to agree with the following statement:

*“I have read the Patent Claim notice on the following webpage, and I understand that if I am aware of any Essential Patent Claim related to issues being discussed or considered for inclusion in standards being developed by one or more Working Groups of the Transformers Committee, it is my responsibility to inform the Chair of the Working Group affected by such claim.”*

Working Group Chairs are asked to make a call for Essential Patent Claims at the beginning of each meeting and to record the results in the meeting minutes.

## **6.7 AFFILIATION**

According to the IEEE Standards Board Bylaws, there is a requirement that participants of an IEEE meeting disclose their employer and affiliation. Consultants must state if they are sponsored or not. It is not sufficient to simply announce “My name is John Smith, and I’m a consultant.” If a consultant is sponsored by a client, it must be disclosed. If the consultant does not have a sponsor, the proper introduction is something such as “My name is John Smith, I am a consultant, and I represent myself at this meeting.”

## **6.8 MEETING MINUTES**

The minutes of the Spring 2022 meeting have been posted to the committee website. Thank you to everyone for submitting their minutes in a prompt fashion.

Subcommittee Chairs are asked to submit their respective subcommittee meeting minutes for the Fall 2022 meeting held in Charlotte, NC to the Committee Secretary no later than **December 2, 2022**, which is **6 weeks** after the completion of the meeting. It is strongly recommended that meeting minutes be prepared at or just after the meeting while the activities are still fresh in members’ minds. Doing so will help to ensure the activities and decisions made during the meeting are accurately reflected in the minutes.

Subcommittee meeting minutes should be submitted via e-mail to the Committee Secretary, Bill Griesacker [bgriesacker@verizon.net], who will forward them on to the webmaster for posting on the Committee website. The submittal file should be saved as a Word document formatted like this document. The minutes shall record the essential business of each SC, WG, and TF meeting including:

- a) Name of group
- b) Date and location of meeting
- c) Officer presiding, including the name of the secretary who wrote the minutes
- d) Meeting participants, including affiliation, and voting member status at the end of the meeting
- e) Call to order, Chair's remarks
- f) Reminders of IEEE policies, such as Patent policy and Copyright policy
- g) The fact that a Call for Patents occurred, and any responses made to such Call

h) Approval of minutes of previous meeting

i) Approval of agenda

j) Technical topics

1) Brief summary of discussion and conclusions

2) Motions exactly as they are stated, including the names of mover and seconder and the outcome of each motion

k) Action items

l) Items reported out of executive session

m) Recesses and time of final adjournment

n) Next meeting - date, time, and location

Respectfully submitted,

Bill Griesacker

Secretary

IEEE/PES Transformers Committee
