

Technical Tour - Sunday, March 20 (by Invitation Only)

Hitachi High Voltage Circuit Breaker Factory Tour including technical presentations about Transformer Manufacturing Processes and Phase-Shifting Transformers

Hitachi HVB, Inc. cordially invites you to our Suwanee, Georgia facility on Sunday morning, March 20, 2016. HVB manufactures a full range of high voltage circuit breakers, including a 72.5 kV vacuum circuit breaker. The tour will cover several aspects of the circuit breaker manufacturing process. In addition, technical papers on transformer-related topics will be presented.
