The Transformers Committee currently has three general categories of participation in our activities. These are: **Interested Individual**, **Active Participant**, and **Committee Member**. Any one can join our AMS 123 system as the system is designed for self-registration. A new participant will automatically be assigned the role of Interested Individual when they first sign up. Based on the level of participation, the committee administrative staff will upgrade the participation status to "Active Participant" when appropriate. The Committee Member status however, can only be attained through a formal application with the sponsorship of minimum of three WG or SC chairmanships. Detail of the application requirement and approval process by the Administrative Subcommittee is outline in our O&P manual.

The participant's profiles in our AMS 123 system should reflect the correct status. Here is the link to our AMS 123 system. (<http://www.123signup.com/servlet/com.signup.servlet.org.ALogin?Org=ieee-transformers&Restart=1>)

The following table showed the recent count of the participants grouped by these three general categories.

These applications will be reviewed at the Administrative Subcommittee meeting. The Committee welcomes and encourages active participants to become Members of the Committee. Requirements and application forms can be found in the Organization and Procedures (O&P) Manual, accessible on the Committee website. Subcommittee Chairs are encouraged to recommend new members, and to communicate the process of attaining membership through **active participation** and **contribution** in Committee work at the WG and SC level. WG and SC Chairs are reminded also that signing an application sponsoring a new member signifies their sponsorship that the applicant has met the requirement of membership and active participation for at least one year in the WG or SC they Chair. New member applications could be submitted to the Committee Secretary's attention at any time. Application will be collected for review and approval in batches at each Administrative Subcommittee meeting. For an application to be included in the following meeting, the application will need to be received by the Committee Secretary at a minimum of one week prior to the start of the next meeting.

3.10.3 Committee, Subcommittees, and Working Group Rosters

In order to provide indemnification to working group and subcommittee members it is crucial that membership lists be maintained. Our AM system has these functions built-in to ease these administration tasks. It is important that each subcommittee and working group chair keep the rosters updated so that this information can be provided to the IEEE SA.

A similar main committee roster has also been developed to track attendance for the Main Committee meeting on Thursdays. The data will be used to update participant's membership profile.

3.10.4 Meeting Minutes

The minutes of the Lombard, Illinois Fall, 2010 Transformers Committee meeting were posted to the committee website on Tuesday March 2, 2010.

Meeting minutes are now only available via electronic means. A collection of recent meeting minutes are available in pdf format from the committee's website.

Subcommittee Chairs are requested to submit their SC Minutes for the Houston meeting by June 15, 2010. Minutes should be submitted via e-mail to the Committee Secretary donplatts@ieee.org, with a copy to Susan McNelly sjmcnelly@ieee.org for posting on the Committee website. The submittal should be formatted in Word 2007 (or earlier versions) and should be formatted in the format as shown in the present assembled Minutes, **with numbering as indicated in Main Committee Meeting Agenda**. Please indicate total attendance count for each Subcommittee, Working Group, and Task Force meeting in your Minutes. Please do not send a copy of the attendance listing for this attendance count. If a SC Vice-Chair, Secretary, or other SC member is preparing the SC Minutes, please advise them of these details regarding Minutes submittals.

Please do all you can to get the minutes in as soon as possible. Collecting the minutes from each subcommittee is the most difficult and time consuming part of this job. Your full corporation and support in this matter is greatly appreciated.
